

## **Rebuilding of Burnham Park Halls**

At a special meeting of the Full Council held on Monday 10<sup>th</sup> December 2007, Burnham Parish Council appointed TPA Design Company Ltd as their chosen architect for the rebuilding of Burnham Park Halls.

The Parish Council had invited companies to submit their ideas from a given specification. The designs of three companies had been on display in Burnham Library and were discussed at a public meeting held in Burnham Park. Residents were invited to submit their comments on the proposed designs.

It was the unanimous decision of the Parish Council that TPA Designs be appointed as the project architect. It was felt that the company had the better spatial awareness of the needs of a public hall. Members were impressed by TPA's practical approach and felt that they had an understanding of the local needs and the relationships between the various groups.

Building on the comments made both at the public meeting and on the request sheets, the Parish Council will work with the architects to produce an appropriate design.
