

## Burnham Secondary School Update 30<sup>th</sup> November 2022

---

This document/web page provides residents and councillors with the status of the activities of the Burnham Parish Council working group and its activities to hopefully get a non-selective secondary school established on what was the E-Act Burnham Park Academy site.

---

- Please refer to previous Updates given – details are not repeated here.
- We need to find parents to fight the cause. The community appears to be waiting for the working group to exclusively fight the cause. There is a lot of verbal support and agreement but very little offered in actual time by the parents that will be affected by the lack of this school. We are simply unable to provide the emphasis on our own as the working group – we need parent participation. Messages have been sent out on all social media channels.
- Is there merit for a legal battle? The working group approached an expert in London who stated the case needs to be based on an individual child. We have no one specific child to progress with this approach.
- Please read the information given on the Burnham Parish Council website-Projects-New School.. (<https://burnhamparish.gov.uk/newschoolinburnham>)
